# AVIATION AIRHOSTESS AIRPORT MANAGEMENT

As an academic institution, Aimfill International believes in imparting education based on ethics. It is a place that reflects an aura of global learning. I am pleased that you have chosen to explore the opportunities that we offer here at Aimfill International. I am also confident that you would find your graduation here to be challenging and a rewarding experience.

In the emerging highly competitive world, there is an obvious need to produce dynamic minds that can adapt to the changing scenario and complex situations and are innovative enough to face the diverse challenges effectively. Aimfill International is also conscious of its social responsibility in strengthening India's roots i.e the youth. The movement towards a global economy and unprecedented economic and technological changes has given rise to great opportunities for development of newer methodologies in the booming sectors of Aviation, Logistics, Marine, IT & ITES and Management fields.

Since our mission is to impart quality education, we constantly strive to attract good faculty, good students, provide good infrastructure and purposeful supportive environment in our institution.

**Mr. FAZIL MOHAMMED BASHEER**

## ABOUT US

Aimfill International Aviation Business Campus is a leading institute in providing job oriented training and development. It is a fast growing organization in the education sector and a division of DGITO Technical Training Service Pvt. Ltd. (Registered under the Indian Companies Act, 1956.) which is an ISO 9001-2008 Certified company. We were established in the year 2005 and started our first institute in Trivandrum (The state capital of Kerala). Now we have expanded into two countries (India & Dubai) and 4 states (Kerala, Karnataka, Tamilnadu & AP).

### **Aimfill International is a finishing Campus - Where We Prepare Tomorrow's Professionals**

A student is provided training in all needed technical and soft skills and then offered a real time industrial experience. It is a concept aimed at molding out industry-ready candidates out of students. Aimfill Campus aims to open a window about the current industrial scenario and its opportunities. Aimfill International offers Degree, Diploma, MBA and concentrates on Aviation, Marine, Mechanical Engineering, Acting, Modeling, Paramedical, Information & Industrial Technology.

Aimfill's academic and professional development programs are for those who aspire to manage and lead effectively in the 21<sup>st</sup> century. The Institute had enviable placements record of its graduates with leading Indian companies and abroad. Strong emphasis is laid on overall development of the students by means of developing their language skill and personality with good job oriented education. Special personality development and Spoken English modules are designed for their overall development.

Aimfill International, since its inception has grown by leaps and bounds. We enjoy enviable reputation, expertise and works closely with many major airlines. Our success is reflected in the hundreds of students who have successfully passed out and who have been placed in various reputed organisations like Saudi airlines, air India, spice jet, etc.

**We strongly believe that passion, commitment, education, organisation and excellence creates opportunity and success.**

### **University Partner – Since 2011**

Aimfill international is technically collaborated (TDT 001) with Bharathiar University, State University, Tamilnadu.

### **MISSION**

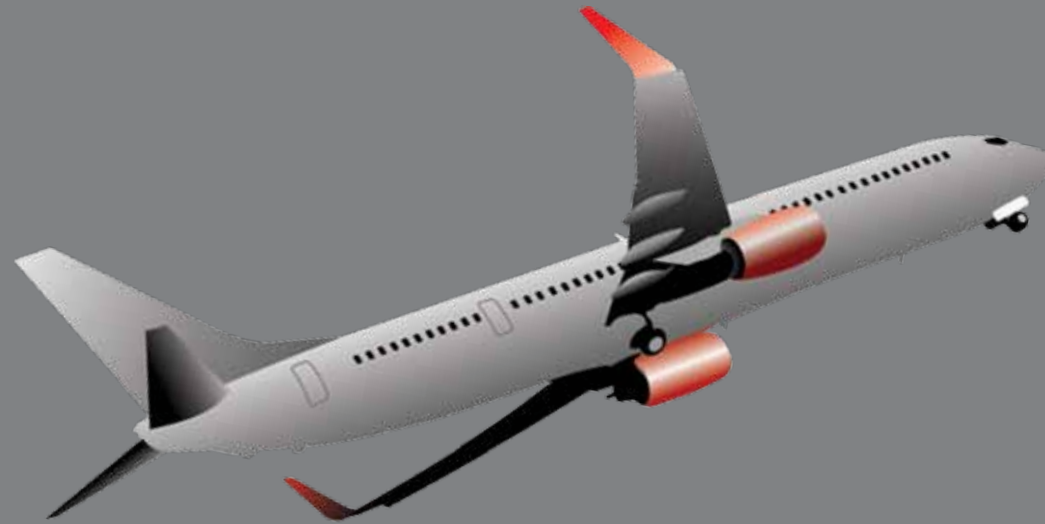

Our mission is to give world class education to all students via our network of nano campuses across all metro cities by leveraging the power of technology which enables all knowledge to be available anytime, anywhere, on demand through cloud classrooms.

### **VISION**

Our vision is to make our students global citizens who use the power of their knowledge to achieve their full potential. We will develop their skills and entrepreneurial abilities which will enable them to grab and create new opportunities. They will be a driving force to innovate and make things happen.

### **AIM**

Our aim is to strive for global reach, excellence and diversity in all our programs and operations which will help in the development of our nation.

# PROGRAM SPECIFICATION

The programs from Aimfill are offered in collaboration with Bharathiar University under the following schemes,

## **CENTRE FOR PARTICIPATORY & ONLINE PROGRAMS (CPOP)**

Participatory Programs are an ingenious concept developed by Bharathiar University. The main aim of these programs is to improve the gross enrollment ratio and to increase the literacy rate without compromising the quality of education. The university recognizes the need for the students to be able to learn and gain knowledge while still pursuing their jobs. To achieve this aim the university has tied up with Aimfill International to offer various UG and PG programs as regular week-end programs conducted by our efficient faculty members who use our excellent facilities to deliver theoretical and practical classes. The University sets the syllabus, conducts the examination and gives the certification. It also continuously monitors the quality standards of the program. These Programs are conducted as per the MoU signed between Aimfill International and Bharathiar University.

## **SCHOOL OF DISTANCE EDUCATION (SDE)/ONLINE MODE**

This mode of education was established by Bharathiar University in 1991 to effectively leverage the power of technology to spread education via online learning mode.

The main features of these programs are

- Annual pattern of Exams (Non-semester)
- Attending Contact Seminar is not compulsory for all courses.
- No entrance exam for all courses, including M.B.A.
- Variety of job oriented, and simplified courses

**Bharathiar University**  
State University  
Coimbatore, India

## About Bharathiar University

The Bharathiar University was established at Coimbatore by the Government of Tamilnadu in February, under the provision of the Bharathiar University Act, 1981 (Act 1 of 1982). The Postgraduate Centre of the University of Madras, which was functioning in Coimbatore before 1982 formed the core of the Bharathiar University. In May, 1985 the University received the recognition from University Grants Commission (UGC) Delhi for the purpose of grants. The University is "A" Grade university affiliated by NAAC (National Assessment and Accreditation Council). It has been ranked No. 2 in all India University rankings.

Aimfill International is Technically Collaborated  
(Reg.No.TDT 001) with Bharathiar University, Coimbatore.

# AVIATION

## MBA | BBA | DIPLOMA

Today, aviation industry is one of the fastest growing sectors serving people worldwide. With the advent of many low cost airlines more and more people are taking to the skies. With the growth in the sector there are many high paying career opportunities available. A person can have a high flying successful career in this sector. You will experience a high career growth in this sector year on year because of the overall growth of this sector.

Aimfill International provides training which is suited to the 21<sup>st</sup> century needs of the aviation industry. Our training will be conducted in the state of the art, air-conditioned, comfortable, and cheerful ambience, tailored to student's needs. Every center is equipped with an aircraft cabin simulator, specifically to provide valuable in-flight service training.

You can begin your career in this sector as an airhostess/flight steward. With the liberalization of this sector many private airlines have taken to the skies.

This has led to new golden opportunities opening for air hostesses. After joining as air hostess, one can be promoted to Senior Flight Attendant and from there to Head Attendant. Career span on board is often about eight to ten years, but after that, one can easily move to various ground jobs such as Ground Hostess, providing training to air hostesses etc.

# AIRLINE AND AIRPORT MANAGEMENT

This program is suitable for those who aspire for management or supervisory level careers in aviation, hospitality, travel management or related sectors. Our MBA program (Airline and Airport Management) aims to combine the traditional benefits of an MBA education with a particular focus on the Aviation Sector resulting in maximum value for participants and for employers within the aviation sector.

Our courses examine the structure, nature and operating characteristics of the international aviation industry. By the second year, students will focus on contemporary issues and the decision-making processes integral to airline and airport business. Their skills and knowledge of the aviation sector will be further enhanced through a 3 month work internship. They will also be given the opportunity to focus on an area of particular interest to themselves through a range of options.

Our courses will give you the skills and experience needed to pursue careers in this fast-paced business. The MBA Aviation Management is designed to prepare those who already hold leading positions or who are aiming to do so to meet this challenge. Students will experience important aspects of personal development and be instructed in the methodology associated with the aviation sector.

Prepared to bridge the gap between the Industry demand & professionals with the global knowledge of Aviation Industry, the core modules of the program are designed to equip the aspiring manager in you with specialized domain specific skills.

Degree Pass (Any stream)

# AIRLINE AND AIRPORT MANAGEMENT

This is a career course for student who wishes to obtain employment in the aviation sector, primarily with airline and airport operations. The main objectives of this course is to create a high level of awareness of this economically important sector. The contents of the BBA Airline & Airport Management degree reflect the changes inherent in the dynamic aviation industry.

The course is aimed at those who wish to develop the skills, knowledge and employability profile that will open up employment opportunities in the aviation sector. It is also suitable for mature students with an interest in the aviation industry. If you are seeking an exciting course, developed with input from industry professionals, this program is for you. It focuses on trends shaping the aviation industry today. It is forward looking, and will remain fully responsive to the ongoing changes taking place in the aviation industry. An important component of the course is the opportunity to undertake a substantive period of work placement within the aviation industry.

Students graduating from this program will be highly employable in the aviation industry. Employment opportunities include: air hostess, flight stewards, tour operators, ground handlers for airlines & airports, cargo operators and supporting industries. Students may also decide to further their studies by undertaking a masters degree.

# INTERNATIONAL DIPLOMA

Aimfill believes in practical exposure along with theoretical knowledge. Our International Diploma program students get an international inflight training experience which gives them an exposure of how international travel and tourism works.

Aimfill has a unique “Learn while you Earn” program. Our course structure gives you an opportunity to start working just after the first year of the course. Once you complete first year of degree along with a valid Professional Diploma you are getting an opportunity to get placed from the campus itself. The second and third year of degree along with job can be completed Off-Campus. Here once you complete 3 year of study you get a Professional Diploma Experience Certificate. Aimfill has a resource center equipped with computer workstations that can access the web, e-books and online journals. The resource center also houses several meeting tables, audio-visual materials and a few paper magazines, but no books. Each student uses a Samsung Note Book/Laptop handheld to access etextbooks, syllabi and class materials, and to take notes and exams.

# DOMESTIC DIPLOMA

At Aimfill we give a lot of flexibility to the students. We understand the need of the students to start working as soon as possible. To facilitate this we have launched Domestic Diploma programs for the students.

The Students attend regular classes for the first year of the course and after that they start working while continuing to study part-time. This scheme enables the student to earn some money as well as gain lot of valuable work experience. As a result when they pass out of the course

they get job as experienced people not as freshers. They have practical knowledge and skills required to perform their jobs successfully. They not only know the theoretical concepts but also know how to apply these concepts in the job. Domestic Diploma Course is an education system which helps to improve one's thought and ideas. The qualities like positive attitude, communications, time management, leadership quality, self-improvement, creativity etc. Required to succeed in professional life are taught to students in Domestic Diploma Courses.

# AIMFILL INTERNATIONAL AVIATION BUSINESS CAMPUS

## UNIQUE COURSE PACKAGES

### **INTERNSHIP INTEGRATED INTERNATIONAL MBA/BBA (I I I MBA/BBA) FULL TIME JOB WITH STUDY**

This is an exclusive package from Aimfill International Aviation Business Campus for the youngsters those who want to choose a way to do their higher studies in an extra ordinary way. The students can work 20-25 working days in a month and simultaneously they can continue their academic studies. They can take pleasure in savings by working during their higher studies. Campus provides 30 seats each for MBA & BBA and two types of course packages-International & Domestic are available to do this course. The international III MBA/ BBA offers 15000.00/- & the domestic package offers 7500/- per month salaried job. Aimfill International's Cochin, Bangalore and Hyderabad campuses are the only facilities for these special courses.

### **SEVENSTAR INTERNATIONAL MBA/BBA**

The course package offers university BBA/MBA with a professional job oriented diploma consisting exclusive & exceptional features like live international in-flight training, Wi-Fi enabled class rooms, flexible class schedules (part-time study with job) etc. The students can enroll into INTERNATIONAL course package through Regular Mode (CPP/CPOP) & the course and the examinations will be on semester pattern. The course package becomes Sevenstar as the students will get training of a Job Oriented Diplomahaving SIX industrial specializations along with the MBA/BBA. ie. (1) Diploma in Ground Handling, (2) Diploma in Cabin Crew Management, (3) Diploma in Hospitality, (4) Diploma in Ship Crew (5) Diploma in IATA/UFTAA, (6) Diploma in Customer Care.

During the first year of MBA/BBA the students will undergo the training of these diplomas and it will help the students to appear in the various national & international Airport/Airline job interviews and helps to get into placement from the first academic year onwards. The university affiliated all MBA, BBA courses and III MBA/BBA course-Internship Integrated International MBA/BBA are available in INTERNATIONAL course package.

## SEVEN STAR DOMESTIC MBA/BBA

The course package offers university BBA/ MBA with a professional job oriented diploma consisting exclusive & exceptional features like live domestic in-flight training, Wi-Fi enabled class rooms, flexible class schedules (part time study with job) etc. The students can enroll into DOMESTIC course package through Distance Education program. The course and the examinations will be on Annual /yearly pattern. In this course package the students will get training of an extra diploma- having SIX industrial specializations. ie. (1) Diploma in Ground Handling, (2) Diploma in Cabin Crew Management, (3) Diploma in Hospitality, (4) Diploma in Ship Crew (5) Diploma in Air Ticketing, (6) Diploma in Customer Care. These diplomas will help the students to appear in the various national & international Airport/Airline job interviews and get into placement. The university affiliated entire MBA, BBA courses and III MBA, BBA (Aimfill's exclusive course — Internship Integrated International MBA/BBA — full time Job with study) are available & applicable in the DOMESTIC course package

## EXECUTIVE MBA/BBA/DIPLOMA

This course package facilitates the students to enroll into the MBA, BBA, Diploma and Certification course with their specialization. The executive courses follow the ultimate university syllabus through Distance Education and online mode program. The campus will provide minimum class hours for the whole academic year as instructed by the university and the students can enjoy professional course studying facilities like uniform, wi-fi class rooms and service from experienced faculties during the study period and placement support from the campus at the end of their final academic year etc.

NB: the total scheduled fee for executive package is EXCLUDING the uniform, examination, and study material fee.

## SEVENSTAR DIPLOMA

Seven Star Courses are courses designed especially for working professionals who also want to gain additional qualifications without quitting their jobs. These courses have flexible class hours. The students can choose morning, evening or weekend classes based on their convenience. This enables them to continue their current job along with their studies.

The students are also given placement assistance. Students who completed Seven Star courses after +2 are able to get job in international companies while students who spend years together to get a degree or MBA in Aviation and Marine are getting rejected.

The number of people joining short-term courses with intention of getting a job is increasing day by day. They realize the importance of achieving the skill required to perform a job successfully. The people who know the application of knowledge achieve more, then who have just the theoretical knowledge.

# INDUSTRIAL SAFETY AND MECHANICAL ENGINEERING

Now a days, the global demand is more as compared to available trained manpower. Large number of career opportunities in the field of safety are available in India and abroad. After attaining Diploma in Industrial Safety Management from Aimfill International a fresher can also expect lucrative salary as compared to other fields.

Mechanical and marine engineering courses have several subjects in common and this makes it easier for a mechanical engineer to get an additional degree in marine and open new doors of opportunities. Mechanical fitters use a range of tools and engineering techniques to maintain and repair mechanical plant machinery and equipment to operational standards. Work includes the identification of defective or worn mechanical components or equipment, repair/replacement of worn/faulty components or equipment, and modifications. Parts may be repaired or manufactured using the general application of workshop machines. Mechanical fitters also use precision measuring instruments to check parts for accuracy and fit. Mechanical fitters may be employed in the traders and service industry area, often in port's industrial area or in the mining industry.

- Diploma Marine Engineering Fitter & Seamanship
- Diploma Marine Fabrication (Welder)
- Diploma Marine Electrical
- Diploma Marine Mechanical Fitter

## YEAR BY YEAR ARETE IS GROWING

This event has proved to be a platform where students with diversified skill showcase their talents which have been widely appreciated by people all around. The students of the college were the real heroes who worked endlessly on taking all possible steps to make this event a success. A family friendly event, Arete will include fun hands-on opportunities to get involved in art, music, literature, theater and movement. Arete gives a platform to show off students talents in singing, dancing and stage performance based on various political, social and entertainment topics.

The entire event was managed by the students of the college under the supervision and guidance of Ms. Pristydikkula (Aviation Faculty) and Ms. YangchenChophel (Faculty Head)

# AIMFILL INTERNATIONAL IN-HOUSE MAGAZINE LAKSHYA

LAKSHYA; is not only the AIM, is also a guide for achieving the aims. Lakshya; aims to enlighten the students, who are preparing for their higher studies about the competitive world ahead and to guide to and fulfill their AIMS. Education is not only meant for achieving marks and certificates, it forms the basis of future and career. Choosing the right career ensures a better future. Aimfill International institute of job oriented training aims in creating and molding dynamic minds to face the world, the changing scenarios, complex situations and ensure the utilization of the available opportunities of the competitive world. The social responsibility is recalled for strengthening the roots of the upcoming generation of India. The efforts are also accounted to change the title of developing country to a developed country. As a job oriented training college Aimfill is trying to utilize the opportunities formulated by the global economy and unprecedented economic and technology changes of the world and the aviation industry.
